At Tufts Dining, we bring the community together around delicious food.
Good for You,  
Good for the Planet.

Where our food comes from makes a difference.  
We build relationships with local growers and local businesses.  
For example, our blended burgers and veggie burgers are made locally by smaller companies. Our tomato sauce and pizza sauce come from Massachusetts-grown tomatoes, harvested in the summer then prepared for us throughout the year. We ♥ local farmers and believe in building the local economy.
