

Passover, Ramadan, Easter, and Spring Info

Updated: March 23, 2021

Passover:

For students observing Passover at Tufts, Tufts Hillel has Seder meals to go. Please reach out to Tufts Hillel. Carmichael and Dewick will have dedicated Passover food areas where Tufts students on meal plans observing Passover can go to select Kosher for Passover items and meals to take out between March 27, 2021 and April 4, 2021. Please ask the managers at Carmichael or Dewick for assistance if you have any questions. All Kosher for Passover foods will be handled separately in designated areas. A list of Passover items will be posted on site in the area Kosher for Passover food is being served.

NOTE: Pax et Lox Glatt Kosher Deli will be closed during Passover.

Ramadan:

Students on meal plans observing Ramadan can go to Dewick to get meals to go that can be eaten before and after fast. Breakfast Boxes will be made available during Ramadan, and students can select meals from the All9FREE platform to take out then eat after sundown. The All9FREE Platform at Dewick will be All9FREE+Halal beginning the first day of Ramadan, April 12, 2021 and continuing. Be sure to reserve a time to go get meals using the Dining Mobile App. Students need a meal plan to go to Dewick and Carmichael this spring. Of course, students can still get food anywhere on campus, also.

If you are observing Ramadan please sign up in advance through the Chaplain's office.

Questions? Contact Kelly.Shaw@Tufts.edu, Tufts Dining Dietitian. She or Tufts Muslim Chaplain Abdul-Malik Merchant at the Chaplain's office can assist you.

TUFTS DINING CENTER PPE & CLEANING REQUIREMENTS

Masks – Consistent with the current Massachusetts mandate to wear face masks in all public places, indoors or outdoors, you must wear a face covering to enter any dining location.

Physical Distancing – While waiting to enter a building, or inside a building, follow the signs on the floor to assist you with distancing yourself from others by at least 6 feet. When in doubt, make sure you are at least two arms' length from others. Where seating inside the dining centers is available, carefully read the signs regarding traffic flow and how you should request and receive your food then sit in the dining centers.

Sanitizing Stations – While washing your hands with soap in warm water is best to fight off germs and viruses, using sanitizing solutions is the second-best way to keep your hands clean. Throughout all the dining centers, you will see and be directed to sanitizing stations. Please use these frequently to assist in keeping our facilities disinfected.

Hand Washing – The best defense against any virus is a 20-second washing of your hands with soap and warm water. An interesting fact – washing in colder water and for less time will not ensure your hand safety.

EAT WISELY and EAT YOUR VEGGIES!!!

It's no secret that foods can boost your immune system and help you fight off germs and viruses. Tufts Dining has crafted many new recipes to help you be healthy. Look at our menus and the nutrition section of our Dining Website for more information.
